

Working together for all Aboriginal and Torres Strait Islander Peoples

Our knowledge and experience of Aboriginal and Torres Strait Islander Peoples is passed on through many generations.

Our knowledge and experience is one of a kind and is part of the story of Australia. It is an important step in the Australian story that our knowledge and experience of Aboriginal and Torres Strait Islander Peoples has more say in laws that affect many lives. Where overseas countries do not have this one different for their indigenous peoples.

Wanem be happen pass

Peoples have already done plenty work over the years for this one. From late 2019 we have made some groups mostly of Aboriginal and Torres Strait Islander Peoples. These groups can talk about wanem can work for Australia, we can use knowledge and experience from them and we can also look for wanem been done pass. We can work together to find out wanem good work best for everyone.

Indigenous Voice

This group has been set up for ideas for Indigenous Voice way for Aboriginal and Torres Strait Islander Peoples for our country. Indigenous Voice will work together and has 2 parts:

Our **Local and Regional Voices** would bring all voices together for our region. These local and regional Voices would be a way for our communities and government to work together and decide on things.

The **National Voice** will give advice for the Government for Canberra about things that are important for Aboriginal and Torres Strait Islander Peoples of our Australia.

It is important for everyone to have a chance for the government (local, state and federal for Canberra) to listen to what we have to say, no matter where we are.

Speak wanem you think

Indigenous Voice can give our communities a chance for change of things for a better future.

We want to listen to what you think about these suggestions and what things are working best.
